**Period for Reply** -- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 4-10 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 4-10 are drawn to the embodiment of Figs. 2-4 and claim 1 is drawn to the embodiment of Figs. 5-6. If the deformable extensions are extensions of the lining then they cannot be hingedly connected to the support wings as defined in claim 1.

In claim 16, it is unclear what component the energy absorbent pads are, and it is not known what sides are the inner sides.

***Allowable Subject Matter***

Claims 1-3, 11-15 and 17 are allowed.

Claims 4-10 and 16 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

The following is a statement of reasons for the indication of allowable subject matter: The prior art fails to teach a safety seat including, inter alia, deformable extensions of the support wings hingedly connect to the support wing and normally extending obliquely forwardly and laterally outward of the support wing, whereby on lateral impact of the extension with a side part of a vehicle the extension hinges

inwards; and fails to teach, inter alia, a deformable lining wings secured to the headrest at a root between the rear head support and the support wing and abutting the distal end of the support wing and defining a void between the lining wing and the support wing, as specifically claimed.

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Herndon, Eggert, Clough (429), Dowty et al, Reiker et al, Lacy, Talaugon, Wooten, Yada et al, Lane, Dwight, Clough (313) Glory et al, Bauer, Pond et al, Hosoya, Kassai et al and Mason all teach devices similar to that of the instant invention.
